J. D. BRUMBAUGH. Attorney at Law

NOTARY PUBLIC. Margoville, Marshall County, E

THESE pumps have now been in general ase a number of years, and give better milefaction than any other, and are recom-

by Capt. Erricson, and other eminent Engineers.
We can refer to thousands using them, and guarantee that all will recommend them.—
They are more simple in construction, and
work easier, and cost less than all others.

"Our readers will find the double-acting im proved Pump of J. D. West & Co., one of the best in the market. It is very simple, works to a charm, so that any child may use it; throws a steady, continuous stream, and does not freeze in the coldest exposures, and is unusually cheap. We say this knowingly, and give the testimony of our own second, without the knowledge or request of the proprietors."—

N. Y. Eve. Post, July 1st, 1863.

This may certify that I have been using at my manufactory, for the last four years.
"West's Improved Pumps." I now have in
use three of said pumps, one of which is kept
constantly at work, 34 hours each day, (save
Sundays) and has been running for the past
two years. I pronounce them, unhesitatingly, two years. I pronounce them, unhesitatingly, the best pumps that have been brought to my notice, having used many others previously. They are simple in their construction, and not easily disarranged.

N. Y., Oct. 10, 1859.

We are pleased to state that the Fumps we had of you, about a year ago, have been in constant use, 12 hours each day, and raise for the use of our Woolen Factory, about 130 gallons per minute. They work with but little power, compared with pumps we lave used before, and do not get out of repair, and are satisfactory in all respects. Yours, &c.,

DUNLAY MANUFACTURING COMPANY.

Solon Rosinson to the Farmer's Club, Jan. 23: "No farmer who owns a well or cistern can ossibly afford to be without an iron pump. It should be at once a suction and force pump—a perfect little fire engine—such a one known as 'West's Improved Pump.' I speak of this pump because I happen to know it . . . to be very simple, durable, powerful and cheap, and it don's freeze up, nor get out of order once a year . . . I know this, and think I may be doing the farmers good by speaking of it. . . . A boy 10 years old can work it, and throw a continuous inch-and-a-quarter stream. . . . It can nade to work in deep wells as well as in shal-From the New York Observer.]

We have had in use for months past one of

West's Pumps, which has given us more sattion as a force and lifting pump than any we have ever used. It is one of great power, and well adapted for ship's decks, mines, factories, green-houses, graperies, &c., &c. The Mining Chronicle and Railway Journal says: It is recommended for its extreme simplicity of construction, groat strength, and consequent durability and cheapness of repair.—
There is no stuffing box—the pressure being beld by a cup packing, like that upon the working piston, working in a cylinder, fitted for the purpose within the upper air chamber—which we think a great improvement, as stuffing is so liable to be deranged, and leak under strong pressure, to say nothing of the loss by strong pressure, to say nothing of the loss by friction incident thereto. It has also two air-chambers: thus the action of the valve is cushioned upon both sides by air-preventing water-hammer and vacum thump. The valves are very accessible, and simply and cheaply repaired. They work much easier than any pump we have ever seen; the 4 inch evlinder being worked by children in wells 100 feet deep, and as they are extremely cheap as well as simple and strong, we freely recommend

Gr. NECK, L. 1., 1860. I have used this pump for one sommer and winter, exposed to the North-West wind coming ong Island Sound, being the coldest possible exposure, and at no time did it freeze.

H. B. MCLEVAIN. with great case. She undersigned, having to use "West's Improved Pumps," cheerfully recommend them as simple, durable and powerful in raising and throwing water, and for their ease of curity against frost, and low price, we believ

hem superior to all others.
WARRES LELAND, Met. Hotel, New York. J. W Pomerov, Yonkers, N. Y. JRO. MESSERRAU, N. Y. DORINIGE LAWRENCE, Westchester.

CAMBRIDGE MISE, N. C., June 15, 1863.

D Wast & Co.: Gents-The pump which I ordered for our Mine is received and but to work in our nu-derlay shaft, which we are sinking. We fire hat one man will with ease lift 50 galle minute. We lifted in three and a half hour-all the water in the shaft, which measures seven by twelve feet and 30 feet deep, and it was full when we commenced. It answers our ex pectations in every respect, and our workmen are highly pleased with it. It will do great service with but triffing expense for repairs.

Yours, respectfully. Bean Higgins. We have plenty more such certificates, bu think these are enough. For Pumps, Hose, Pipe, &c., address or call upon

Scrofula, or King's Evi is a constitutional disease, a con-blood, by which this fluid be-week, and poor. Being in the pervades the whole body, and

n disease on any part of it. from its attacks, nor is there one which not destroy. The scrofulabove all, by the venereal infection, above all, by the venereal intection. Whe ever be its origin, it is hereditary in the one stitution, descending "from parents to cities unto the third and fourth generation;" indeed it seems to be the rod of Him who says, which will be injunities of the faster. will yisit the iniquities of the fathers up their children."

Its effects commence by deposition from a

Its effects commence by deposition from the blood of corrupt or ulcerous matter, which is the lungs, liver, and internal organs, is ternal tubercles; in the glands, swellings; and as the surface, eruptions or sores. This foul entry tubercles of life, so that scorfulous constitutions and surface and surface to the scorfulous constitutions. tions not only suffer from scrotilous consis-plaints, but they have far less power to with stand the attacks of other discussstand the attacks of other diseases; tone quently vast numbers perish by disorder which, although not scrofulous in their nature are still rendered fatal by this taint in the aystem. Most of the consumption which decimates the human family has its originalized productions contamination;

cimates the human family has its origin directly in this scrofulous contamination; and many destructive diseases of the liver, kidneys, bran, and, indeed, of all the organs, arise from as are aggravated by the same cause.

One quarter of all our people are scrofulous: their persons are invaded by this larking infection, and their health is undermined by it. To cleanse it from the system we must measure the blood by an alterative medicine, and invigorate it by healthy food and exercise. Such a medicine we supply in

AYER'S Compound Extract of Sarsaparilla,

the most effectual remedy which the sedical skill of our times can devise for this our, where prevailing and fatal malady. It is on bined from the most active remedials that he been discovered for the expurgation of the he disorder from the blood, and the rescue of a disorder from the blood, and the reacte of a system from its destructive consequence. Hence it should be employed for the two due to only Scrofula, but also those other so, tions which arise from it, such as Exerma and Skin Diseases, St. Antioxy's Fox. Rose, or ERYSIPELAS, PINFLES, PISMIS BLOTCHES, BLAINS and BOILS, TEMORS, Terres and SALT RHEUM, SCALD HEAD, RINGSON RRECHATISM, SYPHILITIC and MERCERIA Dia RASES, DROPST, DYSPEPSIA, DRULLIT, INI. indeed, ALL CONPLAINTS ARISING FROM VITATED OR INFURE BLOOD. The popular base in "impurity of the blood" is founded in truth for scrofula is a degeneration of the blood. The particular purpose and virtue of this Saraga-rilla is to purify and regenerate this virilinal without which sound health is impossible a

AYER'S Ague Cure.

FOR THE SPEEDY CURE OF Infermittent Peter, or Fever and Agus, Remittent Fever, Chill Pever, Duny Ague, Periodical Headache, or Billout Headache, and Billous Fevers, indeed for the whole class of diseases original-lug in billary deraugement, cannot by the Malaria of Minsmatic Countries.

We are enabled here to offer the comming a remedy which, while if cures the shore comming with certainty, is still perfectly harmless a sequentity. Such a remedy is invaluable dones where these afficting disorders proc. This "Cure," expels the miasmatic poison of run AND AGUE from the system, and prevent its telepoment of the dise see, if taken on the interproach of its premonitory apoptoms. It is not as telepoment of the dise see, if taken on the interproach of its premonitory apoptoms. It is not as telepoment of the dise see, if taken on the interproach of its premonitory apoptoms. It is not as the chapter. The large quantity we supply for a dollar brings it whim the reach of every body; and in bilious districts, where Peven AND AGUE prevails, every body shalls have it and use it freely both for cur and profession. A great superiority of this remedy are any other ever discovered for the speedy and certain cure of Intermittents is that it contains no Unione or mineral, consequently it produces no quintum of or mineral, consequently it produces no quinam or other injurious effects whatever upon the constitution. Those cured by it are left as healthy at freey had never had the disease.

Fever and Ague is not alone the consequence of the miasmatic poison. A great varies; of disease arise from its irritation, among which at Neuralgia, Rheumatism, Gont, Headache, Rindmen Tonthache, Eurache, Catarrh, Asthum, Painful Affection of the Spleee, lighter ice, Pain in the Bowels, Colic, Paralysis and infrangement of the Stomach, all of which, who originaling in this sause, put on the infermittat type, or become periodical. This "Crax" apply the poison from the blood, and consequently runs films all alike. It is an invaluable protection immigrants and persons travelling or tamponity residing in the malarious districts. If taken our proceedings or the proceed to the inferior, that will be excreted from the system, and cause

fast will be excrete from the system, and cause accomulate in sufficient quantity to ripen into a case. Hence it is even some valuable for prote-tion than cure, and few will ever suffer from late-mitteents if they avail themselves of the protection Prepared by Dr. J. C. AYER & CO., Lowell, Eus.

N. E. Cor. Kansas Avenue and Fifth 5 TOPEKA.

"I'HIS well-known "Topeka House" is now thoroughly renovated, and has been re-opened under the auspices of E. C. K. GARVEY. Who flatters himself that the fact is a reficie guarantee to the Kansas Public that all the Comforts and Conveniences of a FIRST

Rooms are large and well furnished and continient. The HOUSE is immediately in feel of the CAPITOL BUILDINGS, on Laws And if more is required, me might add, the Head-Quarters at the Capitol of our next President,
GENERAL JAMES HENRY LANE!
